Plane Crash

Our plane crashed on a remote island. Four of us survived, but the nearest town was 15 days away

Objects:

- *Map*
- *Waterproof matches*
- *First aid kit*
- *Rope*
- *Knife*
- *Water*
- *5 cans of food*
- *Tent*

Finding Food

We’ll make wooden spears, catch fish and cook them over a fire.

Crossing the Mountains

We will use the rope to climb the steep mountains safely. We will help each other reach the top and continue our journey to the town.

Dealing with a problem

We will dig a deep pit and place sharp wooden stakes inside it. When the bear falls into the trap, we will surround it and defend ourselves using wooden spears

Usage of aid kit

We will use the first aid kit to help our injured friend. We will clean his wound, stop the bleeding, and wrap his injured leg with a bandage before continuing our journey.
